Awards

Outstanding Student in New Media & Digital / UX/UI Design,

Pierce College (2023 - 2024)

About Me

I'm a multi-talented individual with a unique blend of architectural insight and digital design experience. My recent graduation from Pierce College with an Associate of Applied Science in New Media and Digital Design, coupled with a UX/UI Design Certification, has equipped me with a diverse skill set.

My background allows me to approach design challenges from multiple angles, combining precision with creativity. Proficient in various design software, I craft visually appealing and functional designs across different mediums, from digital interfaces to physical products. My experience spans digital interfaces to print materials, always with a keen eye for detail and a focus on user-centric solutions.

As a growth-oriented individual, I'm known for my quick learning ability and adaptability. I'm passionate about creating informative designs that engage users and address real-world problems. I thrive in collaborative environments and am eager to contribute my unique perspective while learning from others.

I'm seeking opportunities to apply my skills in creating impactful visual communications, aiming to improve lives in meaningful ways.
